Castleton Beacon (13/02/2011) – Another terrific Castleton based race, on classic moorland terrain, saw not quite a 100+ field due to the distraction of the blackstuff based Poultry Run make the start line. First counter in this year's club champs saw 13 Eskers cross the finish line. Lewis Banton of Clowne RR led home, Cameron Taylor continued his terrific form placing 5th overall within one minute of the winner in a new Esk Valley open record of 61 minutes 10 seconds. In a reverse of the Eureka positions, Dave Smith followed Cameron home in 6th position in an M40 record of 62m 22s, next up was convert from the road Joe Johnson in 19th and making up the 3rd placed 'A' team in 28th was Huw Liappiatt.

Shelli Gordon continued her sparkling form with victory in the female race, but with the other New Marske ladies at the Poultry Run, Scarborough AC took the team victory. Esk Valley B finished 6th, led home by Phil Conner (29th), Clive Thornton (40th), Mark Brown (43rd) and Barry O'Brien (55th), we also placed a third team in 8th, with Bob Lillie, Joe Williams, Jonathan Wallace and Ian Harmer, and Ian Robinson rounds off the Eskers to finish the race.

Poultry Run (13/02/2011) – Three Eskers that I could spot ran this mixed terrain event, postponed from its traditional pre-Christmas slot, but not quite the same for it, 250+ completed, Dean Stockwell was well placed in 27th (53m 44s), Vince Stockwell – 93rd (1h 22s) and Chris Jamieson added further to his list of events with 98th in a time of 1hr 1min 22s.

Snow returns!

Snow returned a couple of weekend's ago, a glance at the Wainstones on the Saturday revealed a icing sugar dusting, there was a bit more further north for the Kielder Borderer. No Eskers at this one, but just wanted to remind you all of the joy of snow, if you'd forgotten.
