N.B. 3 different distances were run

Comments:

An excellent turnout on a brilliant day for running. No better way to start the New Year of 2013. Last year The North East Hill Running A. Championship was held over 12 months. This year we are having a Spring Championship from Jan to June and an Autumn Championship from July to Dec (Approx) Please see fixtures. You need four qualifying races in each and medals will be presented for both. First three in each category. When reading results please bear in mind that there were six different races with three different distances. Hence the M10 run about half the distance of the M12 races, with gender specific categories for each race.

In the under 10's (M10 & F10) Archie Lowe and Beth. Bergstrand were clear winners with good competition from James Chapman and Amy Ph.-Lee. In the M12 & F12 Sam Clapton last years champion and Erin Anglim were the winners. In the M14 & F14 Emma Clapton last years champion and Ben Bergstrand won their sections. In the M16 Joseph Gubbins was the winner. Well done to all who completed.....

Best wishes for a good year's running. Dave
