Comments:

The M10's ran up to the Cleveland way track about 2.9Km which saw Josh Williams finish ahead of Matthew Clark although despite having individual marshalls they managed to turn at different points which meant that the result was called as a tie.

In the W14's they ran up to the Moor Gate above Sleddale and Eli Barnbrook finished just ahead of Rebecca Aspin last years champion.

The M12's ran ro the same point as W14's. This was won by Liam Chapman.

In the M16's they went to the Moor Gate then right to Highcliff gate and on to Highcliff before returnoing on their selected route. This was won by Peter Jarvis who plunged off Highcliff and then right across the forestry whilst second man William Robson took the more conventional route.

Not a big turnout today but some very good racing and a joy for all concerned.....
Best wishes Dave
